

2010 Spring Training Conference

New Mexico Fire Marshals Association Southern New Mexico Building Officials

Featured Instructor

Patrick Vandergriff has been in the construction industry for more than 30 years. Mr. Vandergriff has a unique perspective, having worked in the design build industry for numerous years, later serving as the Director of the Construction Industries Division for the State of New Mexico and recently retired as the Building and Zoning Director for the City of Alamogordo. Mr. Vandergriff holds degrees in both Engineering and Business Administration which has allowed him to achieve accomplishments in both code enforcement and code enforcement management areas. He has received numerous awards and certifications for code development and adoption in New Mexico and throughout the United States. Most recently, he received awards from the New Mexico Association of Home Builders and from ICC for his efforts on behalf of the International Code Council in New Mexico.

Expected Guests from the International Code Council

Adolf Zubia, Immediate Past President
Dave Nichols, Representative

2009 IRC Fire Sprinkler Requirements

This class addresses the critical concepts of the 2009 International Residential Codes regarding fire sprinkler systems for one- and two-family dwellings and townhomes. The content discusses the issues that are the basis for the fire sprinkler system design, plan review and inspections of sprinkler systems.
